James Young High School in Livingston

Providing Career advice to the students of Scotland

In January 2020, Version 1's Gavin Thornton, Ziortza Navas and Paul Bullen attended a Careers Evening at a local secondary school in Edinburgh. The evening was aimed at pupils and their parents to help inform their choices for the next stages in their education and beyond.

The evening was very well attended by pupils/parents and 30 – 40 employers such as E&Y, and Universities including Edinburgh and St Andrews. The Version 1 attendees had a great experience and had some really interesting conversations with the kids and their parents.

We've also had positive feedback from the school and are already looking forward to supporting a second event with them in later this week (a "Guess the Careers" afternoon).

Highlights

- › Providing career advice to 100+ students
- › Discussing career options in IT
- › Helping to encourage a career in STEM

"We're also looking at a number of other opportunities to continue supporting the School throughout 2020."
